## JULY 2008

### CHANGES TO FORD MOTOR COMPANY

In 2000, CRSP issued a new PERMNO, 88394, for Ford Motor Company at the time of its reorganization, resulting in the complete time-series for Ford being split under two PERMNOs. CRSP researchers extensively reviewed the handling of Ford and as a result, have decided to combine the two historical data series into one. PERMNO 88394 has been removed from our database and all history for Ford may be found under PERMNO 25875.

Our previous handling of Ford's reorganization terms reflected shareholders' receipt of \$20 and one share of Ford (new) in exchange for one share of Ford (old). According to the terms, distributions were prorated. The average shareholder received \$5.17 and 0.555 shares of Ford (new) for every share of Ford (old). These changes are also reflected in this July cut of the stock data.
